

## The Smaller Eco-Cottage™

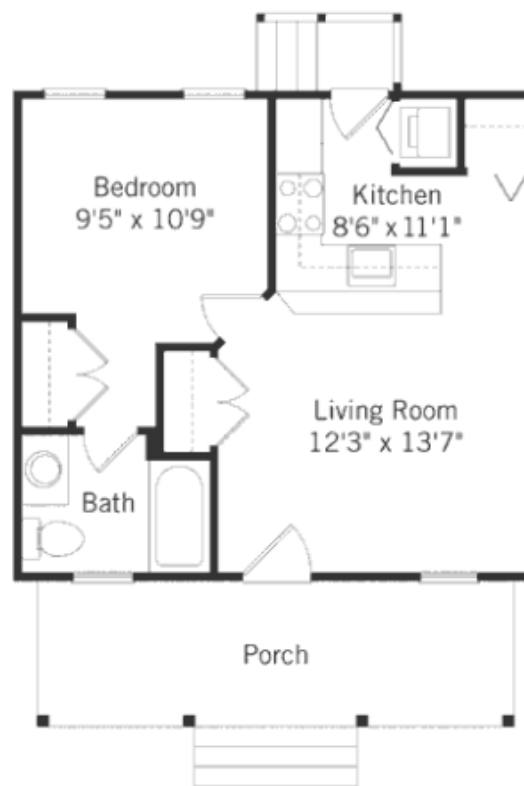

If you owned this Eco-Cottage from AmeriSus the odds are pretty high that you'd be enjoying a carefree existence with low mortgage payments spending a good amount of time on the front porch or even that hammock around the side of the house. (We even provide the hammock.)

Whether you are the young guy that lives alone down the street, the local school teacher that everyone likes or the grandma the just downsized to something that made sense this is the house for you.

Super energy efficient with SIP walls and high-tech HVAC, WaterSense plumbing fixtures. Hardwood flooring, fantastic Whirlpool appliances and many more high value features.

Every town has a few small lots that could be the right spot for an AmeriSus Eco-Cottage. Call us to learn more about going - "Simple".
